Donnie Durbin was one of the few people in this world who was "for real." He didn't put-on anything, nor did he try to put-on anything. Donnie was himself wherever he went, and wherever he went he had friends, friends who liked Donnie for himself.

Donnie bubbled over with mischief, mirth, and a great love for life. He also had a serious side that very few of us ever saw. It's hard to believe that Donnie and everything that was "Donnie" is gone now. But although Death claimed him, Life shall forever hold him as long as there is one of us who can remember.

TO DONNIE DURBIN WE DEDICATE THIS 1970 CAT TALE

## Chapter 3 THE BEGINNINGS OF THE UNITED STATES

The roots of American government reach deep into the past. Our system of government did not suddenly spring into being as at the wave of some political magician's wand. Nor was it pulled out of thin air by the

### Our English Heritage

French, Spanish, Dutch, Norwegian, and other Europeans settled in parts of what was to become the United States. But it was the English who came in the largest numbers. And it was the English who came to control the thirteen colonies that stretched for 1,500 miles along the Atlantic seaboard.

These early pioneers who cleared the wilderness and fought off the Indians had to back out their own economic future in the New World. But they came here in search of greater freedom and they brought much of their political future with them. The American people had been working and developing the ideas of a government and developing the English for hundreds of years.

Founding Fathers at Philadelphia in the summer of 1787. Before it was developed through long centuries of experience. Tradition, thought, and deed. We shall now review the high points of these beginnings.

### The Colonial Period

They brought with them the ideas of a government and developing the English for hundreds of years. These political ideas of government that came to us from England were especially important in the shaping of government in the United States.

(1) The Concept of Limited Government. These men brought with them the twin ideas of limited government and civil liberties. That is, that government is limited in what it may do, and, especially, that it is limited in the sense

SETTLERS AT WORK

Early Americans had to live together in harmony, or they would not survive. They were called "government in order to live," the beginning of our government today.

of which are to be found today — equity, honesty, jury, sheriff, coroner, and justice of the peace, for example. And all of these were well known in England long before the first Englishman ever heard of America.

(2) The Twin Concepts of Limited Government and Civil Liberties. They brought with them, too, the twin ideas of limited government and civil liberties. That is, that government is limited in what it may do, and, especially, that it is limited in the sense

that each man has certain rights that government cannot injure or take away. These great principles of freedom were proclaimed in such historic English documents as the Magna Carta in 1215, the Petition of Right in 1628, and the Bill of Rights and the Act of Toleration of 1689.

(3) The Concept of Representative Government. A third vitally important concept brought to America in English ships was that of representative government. For centuries there had been developing in England the

Glenn,

Goodby's are never easy. Especially when they are to someone who you really admire and like. And that's you. These last two years have been filled with great memories for me. You helped put some of them there. We sure had a blast last year in the Junior Play. You were my favorite actor. HA. You have given me some many memories to remember you by. You were a great asset to the football team. Times got rough but they never got you down. No one knows how much I truly loved cheering for you and the rest of the guys. All of you are No 1. to me. Glenn, you have a very friendly personality. Friends were never hard for you to make, because you had the personality and the warm feeling of security about you. When I leave W.H.S. I will always remember you. I have enjoyed knowing and being one of your friends. I will always remember what fun we had in Austin last year. It won't seem the same this year without you there. I'm going to give it all I've got down there. Sure would like to bring 1<sup>st</sup> back. As time runs out, always remember that life is full of happiness and also sorries. Take each one and do the best you can with each. Best of luck to you, May God Bless You.

Glenn,

It has been a great pleasure knowing you these past years. You have been a real good friend to me, sometimes. Other times I have been so mad at you I didn't know what to do, but we have turned up friends in the end. You have a great personality but hands that just seem to go the wrong way. Good Luck and God Bless.

Glenn,

Glenn,

I really am going to miss you a heck of a lot next year. You really were a "blast" to know, and you were a lot of fun to be with. Congratulations on getting Mr. W.H.S. (you really deserved it.) Lots of luck in your future plans. Take care and "be good"!

Glenn,

Jr. High

Love ya,

Sara

I'm sure you

screwed up at the Reg. Jr. High 6-8-70  
Jimmie meet and you didn't get to go to State your Sr. year. You deserved better than Reg. finalist. I guess your Sr. friend I have and I'm really going to miss you next year. You have a great personality Mr. W.H.S. and I fell honored to be your friend. I hope you get the best out of life because you deserve it. So good luck.

Jimmie

It has been great knowing you these past 3 years. I really have enjoyed going to school with you. You were a good football player (a little clumsy maybe) but good. I hope we continue to be friends in the future. Good luck with whatever you want. Jr. 6-9-70  
Tony

Glenn,

You are one of the greatest guys that I have ever known. You have been a wonderful friend for many years now. I can't tell you how much your friendship has meant to me. We have shared some problems but mostly good times, and I will never forget them. Where ever you go you make friends because you are such a fun-loving guy. Stay that way and you will have a happy life ahead of you. I know that it will be only a short time until we will be going our separate ways, but I want you to know that I will never forget you. You mean more to me than any other guy at WHS! I want to wish you the best in life. You are a very deserving person. There is a lot I would like to say but I'm not the greatest at putting things in words. May God Bless you always. Good-bye Shad, and Good Luck. Jr. 69/70 I Love You,  
Sherry

Glenn,

You are one of the greatest guys I have ever known. I hope that we will always remain the best of friends, because your friendship mean a great deal to me. We have had so great times together that I hope you will always remember.

JR. 70 Good Luck.  
Love ya.

Glenn:

We have been friends for a long time.  
We have had a lot of good times together. I  
guess we'll go our separate ways soon. I hope  
that somehow we can always be close friends

Glenn, (Dad)

Two years ago when I came to Kinross, I was really scared. But in English class, a certain person was very nice to me and he helped me a great deal through that first week. Thanks for being so nice and considerate. Now the two years have nearly passed, but my memories of you will remain. Even if I haven't known you as long as everyone else, I hope you and I can remain friends after graduation.

Glenn, no matter what your future may be, set up a goal for yourself and if you will try, I know you can reach it. With your personality, you can't miss. Keep your special way and you'll always make friends easily. Friends come in handy at times, don't they.

I could go on and on about a lot of things, but I could never put in words or describe how much you have meant to me.

All good-byes never come easy and it's very hard if the person is someone who you really care a lot about. But I guess this is good-bye but not our friendship. May all the happiness in life be yours in your future. Best wishes and always remember all the fun we had at H. S. S. God bless you!

Love Ya,

Glenn,

How do you say good-bye to such a great person as you. I have really enjoyed being your classmate. I guess these last 12 years have been the greatest for both of us. This year, I guess we have become very close to each other. I am very glad for that. I really have admired your looks and ways.

Glenn, you are a wonderful person with a great sense of humor. There are not enough words to express my feelings toward you. I'll never quite forget a person as great as you. We have come up a long rough road together and I can truthfully say it has been fun.

I'll really miss your cute jokes & smile each day. You have made this year pass much faster and made it a fun one. We have had our little troubles but they all seem to work out for the best. And as you go your separate way this year I hope you'll never forget all the good times we have had.

Glenn, if you ever need anything, feel free to call on me, I'll always be there when you need me. May God Bless You Always because you deserve it. I'll never forget when
